

FOR PRESS

JTB Communication Design, Inc.

<Interview / Photographing and Filming>

Thank you very much for your interest in nano tech, 3D Printing, ASTEC, SURTECH, InterAqua, ENEX, Smart Energy Japan, Energy Supply & Service Showcase, Convertech Japan, neo functional material, Printable Electronics, 3Decotech Expo, Advanced Printing Technology Exhibition, Prototype and Contracted Manufacturing Exhibition. Please refer the following upon interview, photographing and filming at the shows.

- 1) In these exhibitions, press personnel are allowed to photograph and film the landscape within the exhibition hall (General visitors are not allowed to do so). Please complete the Media Request Application and receive PRESS arm badge at a reception before you enter the hall. If you want to photograph or film a specific exhibitor booth, permission from the exhibitor is required.
- 2) At the conference tower (Symposium, Seminar), photographing and filming are not allowed as a general rule, however if necessary for purpose of reporting, you may be allowed to enter the venue temporary in some sessions. In this case, please ask the staff on-site.
- 3) Please complete the Media Request Application and bring it to East 5-Organizer's room (across corridor from the Press Center) if you wish to interview the organizer.
- 4) Please send any materials, such as magazine which features any articles about our exhibitions to the Secretariat.

Press Center
(in East 2-Organizer's room)
