

Asia Nano Forum

“ANF Workshop on Commercialisation”

The 20th Asia Nano Forum Summit

Organised by NanoMalaysia Berhad, Malaysia in collaboration with ANF Working group on Commercialisation

Theme: Nanotech Innovation to Industrialization & Internationalization (NI3)

Date: 1 Feb 2023 (Wednesday) | **Time:** 1400 - 1700 hrs (GMT+9)

Venue: Room 609, 6F, Conference Tower, Tokyo Big Sight

Online via WebEx (Link to be provided)

Japan Time (GMT+9)	Agenda
1400 - 1410	Welcome Remark by Dr. Rezal Khairi Ahmad, ANF Vice President and CEO of NanoMalaysia
1410 - 1520	<p>Session I (Physical) – Each Presentation at 10 mins each</p> <ol style="list-style-type: none"> Mr Hairul Hafiz B Hasbullah, Vice President, Group Legal, NanoMalaysia Berhad (Malaysia) IP valuation: Evaluating Nanotechnology Product for Commercialisation practice in Malaysia Mr. Toshihiko Maekawa, General Manager of R&D, Cyfuse (Japan) New Medical Solutions Created by Cyfuse’s innovative bio-3D Mr. Tennin Yan, Chief Executive Officer (CEO), QunaSys Inc (Japan) Quantum Computing Software Development for Chemistry Application Ms Cheryl Pak Chia Yung, Director, Alnair Photonics (Malaysia) Green Graphene Transparent Conductive Ink Mr Bernard Sagaiyaraj, Director of Blue Snow Consulting & Engineering (Malaysia) AQUENE -A Graphene Nanofluid : Transforming Water In Cooling Systems To Save The Planet! Mr Retnam Visvanathan, Senior Application Developer & Analyst, iDeria (Malaysia) The revolution of AI towards indoor air quality prediction using nanographene sensor array Dr. Rudolf Heer, Head of Research Unit Electronic Sensors (ELS) Sensor Systems, Silicon Austria Labs (Austria) Offering nano structuring tools in clean room as a service for start-ups, SMEs and large enterprises
1520 - 1530	Coffee Break (10 mins)
1530 - 1610	<p>Session II (Online) – Each Presentation at 10 mins each</p> <ol style="list-style-type: none"> Dr. Tanyakorn Muangnapoh, Managing director (MD), NANO COATING TECH CO., LTD. (Thailand) Nano Coating Tech: Research-to-Commercialisation. Mr Takayuki Suzuki, Chief Executive Officer (CEO), Photo Electron Soul (Japan) Semiconductor photocathode e-beam: Next Generation E-Beam for Nanotechnology Industry Dr. Ryan Corpuz, Nanolab LRC Co. Ltd (Philippines) Photoluminescent Metal Nanocluster and its Potential Application as Nanosensor Mr. Amane Kimura, Chief Executive Officer (CEO) Alga Bio (Japan) Cultivating algae’s potential, for a better future 1610
1610 - 1630	Discussion and Q&A
1630 - 1700	Closing Remark CWG Coordinator Malaysia
1700	Workshop Ends
